

The Lincoln County Health Department inspects each food establishment at least once every six months and more often if warranted. Each establishment shall be graded based upon the number of critical violations received during the inspections.

To receive an "A" rating, a food establishment may not have more than one critical violation, a "B" rating will be given to any establishment with more than one critical violation but less than five, and a "C" rating will be given to any

City	Establishment	Smoking(S) or Smoke Free(SF)	Inspection Date	Score	Critical Violations	Non-Critical Violations
